

LONE STAR HEALTHY STREAMS

<http://lshs.tamu.edu>

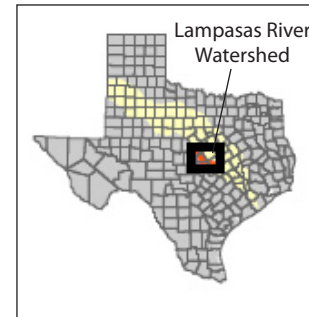

The Lone Star Healthy Streams program educates Texas livestock producers and landowners on how to best protect Texas waterways from bacterial contributions associated with livestock production and feral hogs. There is no cost to attend.

September 18, 2013: 10am-2:45pm

Lampasas County Farm Bureau
1793 N. US Hwy 281
Lampasas, TX

Lunch will be sponsored by the Lampasas County Farm Bureau Insurance Agents

Workshop presentations will focus on the Lampasas River Watershed and will discuss basic watershed function, water quality, and specific best management practices that can be implemented to help minimize bacterial contamination originating from beef cattle, horses, and feral hogs.

Pre-register for the workshop by going to:
